

FINAL MUST WORKSHOP ON ACTIVE PROTECTIVE COATINGS

“Solutions and Expectations”

PROGRAMME

9th May 2012

Ramada Hotel, Königsteiner Straße 88, 65812 Bad Soden, Germany

Time	Topic	Speaker
09:30-10:00	Registration & Welcome coffee	
10:00-10:15	Opening & Introduction MUST Video I	T. Hack - EADS
10:15-10:45	MUST – Automotive applications	V. Gandubert - Chemetall D. Bassan - CRF
10:45-11:15	New thin functional coatings for steel substrates	J. Flores – Tata Steel
11:15-11:15	Challenges and Opportunities for aluminium surfaces of medical devices	R. Staud - Karl Storz
11:45-12:45	Lunch	
12:45-13:30	VISIT TO EXHIBITION Presentation of Posters & MUST – Video II: Virtual experiments and risk analysis	MUST representatives S. Jovanovic, D. Balos – R-Tech
13:30-14:00	MUST – Aeronautic applications	S. Schroeder - Mankiewicz T. Hack – EADS
14:00-14:30	Aluminium applications: Airware products, durable corrosion protection solution for aerospace market	C. Henon - Constellium
14:30-15:10	MUST - Production of smart containers – Up scaling from laboratory to large scale	M. Zheludkevich – Univ. Aveiro B. Hack - Bayer
15:10-15:50	MUST – Advances on the characterisation of self healing coatings	M. F. Montemor - IST
15:50-16:30	ROUND TABLE	MUST Support Team
17:00	Departure of Bus for Social Event
