

The programme for students
with international ambitions

MSc IN GLOBALIZATION GLOBAL TECHNOLOGY MANAGEMENT

The Norwegian University of Science and Technology in Trondheim represents academic eminence in technology and the natural sciences as well as in other academic disciplines.

MSc IN GLOBALIZATION GLOBAL TECHNOLOGY MANAGEMENT

Developed specially for students with a bachelor's degree in Technology or Engineering. The students will gain a broad and integrated set of capabilities, combining engineering and strategic management competences with a global perspective.

The Master's programme in Global Technology Management provides skills needed to handle the increasingly important interaction between technology and strategy in global processes.
