

Call for papers - Demo and Poster session

The 6th edition of the International Workshop on Wearable, Micro, and Nano Technologies for Personalized Health, pHealth, will take place in Oslo, Norway, 24-26 June 2009.

The pHealth Workshop is a forum for discussion, networking, and exchange of experiences about the state of the art and future challenges related to personalized health systems.

pHealth 2009 continues the tradition of this series of workshops in bringing together key players from all aspects of healthcare and technology to inform, discuss, debate, and learn, as personalized healthcare systems are facing future healthcare needs.

Deadlines and important dates pHealth 2009

6 March 2009	Deadline Poster & Demo abstracts	Call for Poster & Demo
20 March 2009	Acceptance Poster & Demo notification	Notification by email
24 April 2009	Deadline Registration – Reduced fee	
22 May 2009	Deadline Invited speaker Full paper	Template
22 May 2009	Deadline Poster & Demo Full paper	Template
19 June 2009	Deadline Registration – Normal fee	
24-26 June 2009	pHealth 2009 workshop	

Submission guidelines

Submission of a demo or a poster requires a written abstract of maximum 200 words describing the demo or the research results that are to be presented. All demo or poster proposals must be in English and using the demo or poster template (see www.phealth2009.org), and submitted to the email address phealth2009@sintef.no within the deadline stated above.

All submissions will receive an email confirming the submission and the selected contributions will be notified according to the timetable above.

Please note that ordinary presentations at the workshop are only under invitation.

The topics of interest include, but are not limited to, the following:

- Sensors
- Micro systems
- Nano systems
- Wearable systems
- In-vitro and in-vivo sensors and systems
- Implants and actuators
- User interaction and multimodal user interfaces
- Mobile personal health
- Ambient intelligence
- ICT for pHealth
- Behaviour change support systems
- System integration
- pHealth business models
- pHealth future trends
