Offshore Digitalization

FOURTH INDUSTRIAL REVOLUTION

A complex network diagram with a dark blue background. It features a central circular node with a grid pattern, surrounded by various icons: a person, a group of people, a gear, a robotic arm, a wrench and screwdriver, a microchip, and a document. The nodes are connected by white lines, and the background is filled with binary code (0s and 1s).

Internet of Things (IoT)

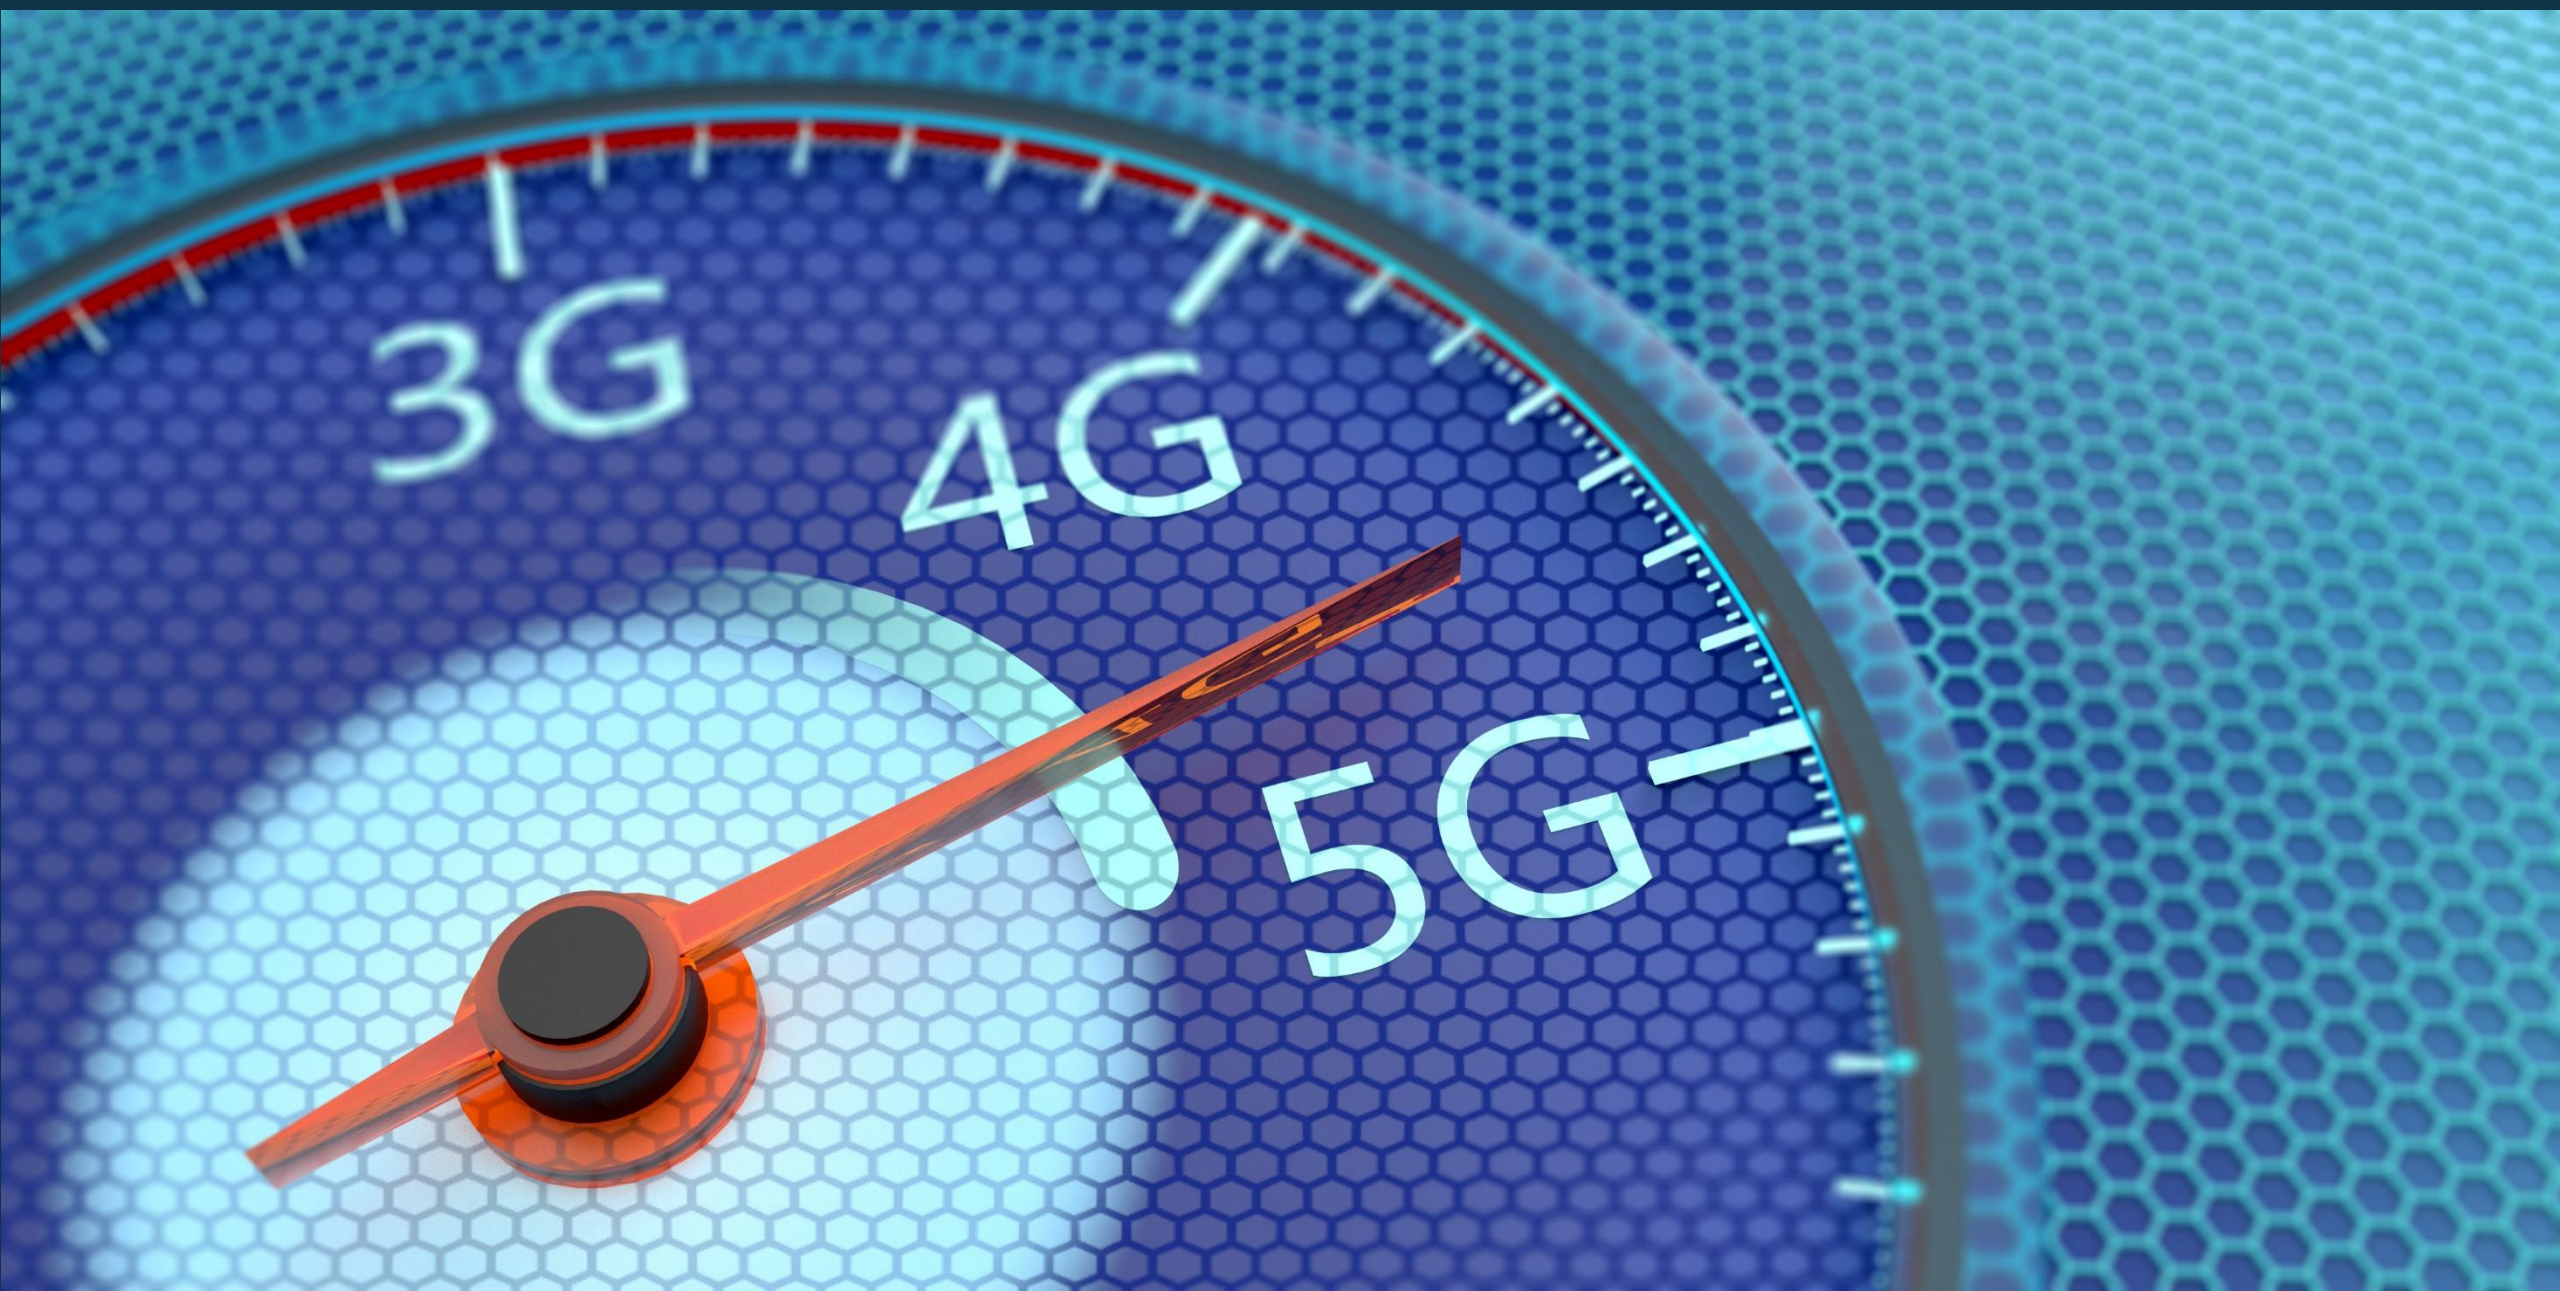

- Good for voice
- Low data transfer
- Safety features
- Plain and ATEX
- Training

Hybrid - Old Radio & GSM Phone

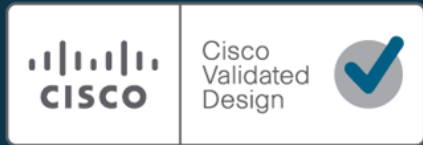

- VoIP/VoLTE
- High data transfer
- MC-PTT
- Plain & ATEX
- Intuitive (minimal training)
- Supports IIoT (Industry Connect)
- QoS
- Cyber Security
- Connect Wind Farms
- Future-proof (5G)

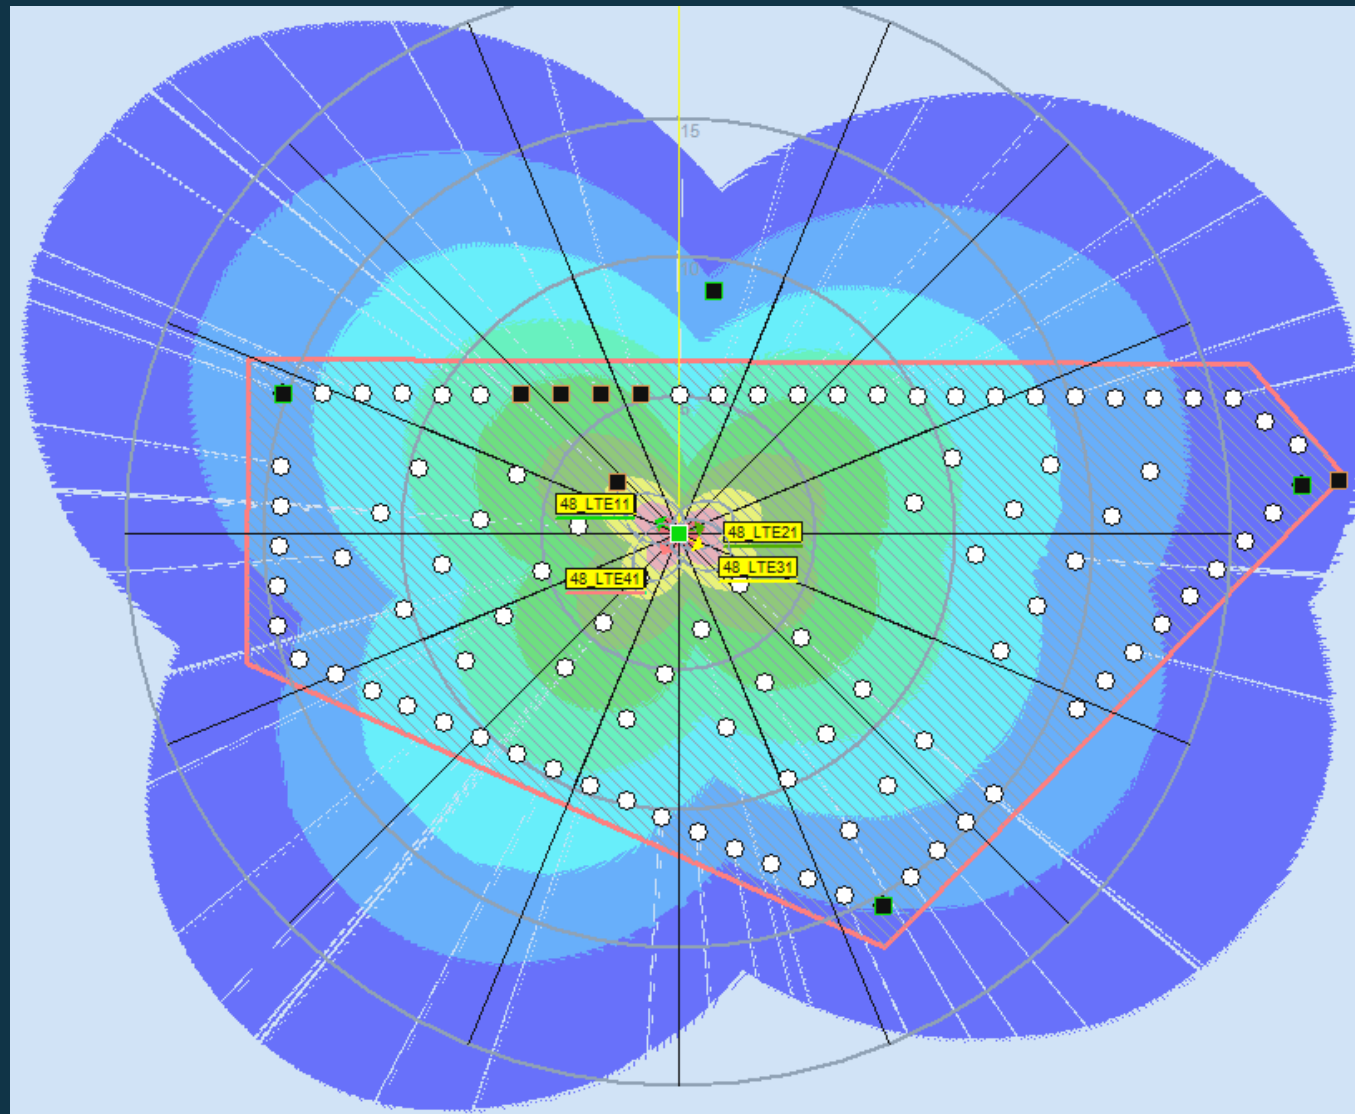

**How do
we get there?**

Subscription VS Private LTE

Dogger Bank A

Data Rate:
150/75Mbps
