

September 26-29, 2021, Trondheim, Norway

## **The 16th International Ferro-Alloys Conference (Hybrid conference)** **Ferroalloys - materials for the future**

- New raw materials, new processes, new environmental solutions

**The 16th International Ferroalloys Conference (INFACON) will be held at the Clarion Hotel & Congress Trondheim, Norway, from 26-29 September 2021.**

**INFACON** was founded in South Africa in 1974 by the SAIMM (Southern African Institute of Mining and Metallurgy), Mintek (then the National Institute for Metallurgy), and the Ferroalloys Producers' Association (FAPA) when the first **INFACON** was held in Johannesburg.

The intention of **INFACON** is to stimulate technical interchange on all aspects of ferroalloy production. **INFACON** contributes to the exchange of research and development covering the major and most of the minor ferroalloys.

**We look forward to seeing you in Trondheim!**  
INFACON XVI Organizing Committee
