

Trondheim CCS Conference

CO₂ Capture, Transport and Storage

TCCS-11

The 11th Trondheim Conference on
Carbon Capture, Transport and Storage

THIRD ANNOUNCEMENT

TCCS-11 GOES VIRTUAL

22-23 JUNE 2021, TRONDHEIM, NORWAY

Organized by: NCCS – Norwegian CCS Research Centre, under the auspices of NTNU and SINTEF

Conference organizer:

SINTEF Energi AS, Org.nr.: NO 939 350 675 MVA, Sem Sælands vei 11, 7465 Trondheim, +47 454 56 000

TCCS-11 goes virtual

The health and safety of the conference participants is a top priority for the conference organizers. With the prevailing situation and the latest developments of the Corona pandemic, it is difficult to envisage a situation that will justify a physical, or face-to-face, conference in Trondheim in June.

The Organizing Committee has therefore decided that TCCS-11 will be held as a virtual conference. The dates for the conference technical program remain unchanged, i.e., June 22-23, 2021. The conversion to the virtual format will imply duly reduced registration fees.

Registration

The following fees apply (NOK):

Delegate – early bird:	1700
Delegate – regular:	2500
PhD student – early bird:	350
PhD student – regular:	500
Master student:	free of charge

Registration opens on March 1, 2021.
