

09-10th November 2016
Save the date!

The European Cement Research Academy (ECRA) and the University of Mons (UMONS) are pleased to invite you to the Second Scientific Event of the ECRA Academic Chair:

« **CO₂ Capture & Reuse in the cement industry:**
from the lab to the plant »

Workshop organized at Mons (Belgium) on the 09th November 2016
+ Visit of the Lixhe Cement plant on the 10th November 2016

ECRA Academic Chair website: <http://hosting.umons.ac.be/html/ecrachair>

This second event will be a new opportunity to attend both industrial and academic presentations on the subject of CO₂ capture and reuse in the cement industry.

The program of this event is under finalization and will be transmitted as soon as possible. A visit of the HeidelbergCement Lixhe Cement Plant will be organized on the second day of the event.

Please **save the date** in your agenda in order to participate to this free of charge event!

Registration is already possible on the ECRA Chair website.

For any information on this event, please contact:

Prof. Diane Thomas: diane.thomas@umons.ac.be - +32 65 37 44 04

Dr Lionel Dubois: lionel.dubois@umons.ac.be - +32 65 37 44 06

Best regards,

ECRA Academic Chair
