

NORDICCS

Final Conference

Results from the NORDICCS project and the road ahead

Room: TELEMARK
Radisson Blu SAS Scandinavia Hotel
Oslo, November 10, 2015

Program

1000 Welcome and introduction

Nils A. Røkke, Director NORDICCS
Svend Søyland, Senior Adviser, Nordic Energy Research/TRI

1015 The Green Growth Project

Svend Søyland, Senior Adviser, Nordic Energy Research/TRI

1030 CO₂ Capture

- Deployment of CCS in Nordic industries – case studies
Ragnhild Skagestad, Tel-tek
Stefania Osk Gardarsdottir, Chalmers

1100 CO₂ Transport

- Recommendations on CO₂ transport solutions for the Nordic region
Jan Kjærstad, Chalmers
- Challenges for CO₂ ship transport
Halvor Lund, SINTEF Energy Research

1130 CO₂ Storage

- The Nordic CO₂ Storage Atlas – an entrance to knowledge
Karen Lyng Anthonsen, GEUS
- Improved CO₂ storage capacity estimates from injection simulations
Ane Lothe, SINTEF
- Injection of CO₂ and C-S-gas mixtures into basaltic rocks – the CarbFix Project
Sandra Ó. Snæbjörnsdóttir, University of Iceland

nordiccs
Nordic CCS Competence Centre

1215-1315 Lunch

1315 CCS Communication

- CCS communication in the Nordic region – results and highlights
Jens Jacob Kielland Haug, SINTEF Energy Research

1330 The NORDICCS CCS Roadmap

- The Roadmap – A synthesis of the NORDICCS Project
Marit Mazzetti, SINTEF Energy Research

1350-1405: Coffee break

1405 Industry Perspectives

- *Svein Solvang, Gassco*
- *Bjørn Berger, Statoil*

1500 Moderated discussion – The CCS road ahead

- **Discussion**
Moderator: Gunnar Sand

1555 Conclusions and wrap-up
Gunnar Sand, Chairman of NORDICCS Steering Group

1600 Adjourn
