

**Trondheim CCS Conference**  
CO<sub>2</sub> Capture, Transport and Storage

# TCCS-10

## Conference announcement

The 10<sup>th</sup> Trondheim Conference on  
Carbon Capture, Transport and Storage

---

**JUNE 17-19, 2019**  
**TRONDHEIM, NORWAY**

Organized by:  
NCCS – Norwegian CCS Research Centre,  
under the auspices of NTNU and SINTEF

## The Conference

The bi-annual Trondheim CCS Conference series is a leading scientific CCS technology conference. Since its inception in 2003, the Conference has developed to become a globally important meeting place for over 400 CCS experts. The Conference typically has 150 oral presentations, five or six parallel sessions, over 100 posters and world leading keynote speakers.

Being the **10<sup>th</sup> conference**, TCCS-10 will be our biggest and most ambitious conference to date, building on the heritage of the previous conferences. TCCS-10 will be held June **17-19, 2019** in Trondheim, Norway. Concurrently, *The Big Challenge Science Festival Trondheim* will be arranged.

The selection of presentations is based on submission of extended abstracts (two pages). There is no requirement to submit full-length papers. However, contributors to the Conference are invited to submit a full-length scientific paper for a selected journal. The call for abstracts will be issued in November 2018.

## Scope and objective

The 10<sup>th</sup> Trondheim CCS Conference will focus on research and development regarding CO<sub>2</sub> capture, transport and storage (CCS). The objective of the Conference is to bring forward, present and discuss work undertaken within R&D institutions, universities and in industry. Abstracts are invited to cover the entire value chain of CCS technology development. Potential topics are (but not limited to):

- Pre-combustion capture
- Post-combustion capture
- Oxy-fuel capture
- CCS and hydrogen combinations
- CO<sub>2</sub> utilization with permanent storage and Industrial CO<sub>2</sub> applications
- CO<sub>2</sub> negative solutions
- Transport
- Storage
- International R&D activities incl. pilot and large-scale activities
- Novel technologies
- Public acceptance and communication
- CCS whole system issues
- Business models

## Timeline

- |                           |            |
|---------------------------|------------|
| • Conference announcement | 2018-09-17 |
| • Call for abstracts      | 2018-11-10 |
| • Registration opens      | 2019-02-01 |
| • Submission of abstracts | 2019-02-10 |
| • Notification of authors | 2019-03-25 |
| • Early bird registration | 2019-04-13 |
