

PIXII

Pixii

Ole Jakob Sørvalen, Chief Innovation Officer

Pixii develops power converters & application controllers for energy storage systems

Pixii PowerShaper 30/65

•• Application areas

- Electricity grids: support capacity & quality
- Buildings & areas: save electricity costs + backup
- Micro grids: enable clean, reliable electricity

•• About Pixii

- 16 developers and managers. Est Q1 2018
- Kristiansand + Oslo
- Background: telecom power, PV-inv., smart grid
- Several planned pilots in Norway and India

•• Motivation for BEACON

- Technology & business coop in Norway and EU
- Access to battery expertise
- Contribute to ecosystem development in Norway: Competence, Technology, Standardisations,...
