

The Effective Photocatalytic Membrane Methods for Removal of Organic Contaminants in Water Treatment „NOMRemove”

10:30 – 13:00 Visits in The Rudawa Water Treatment Plant in Kraków
www.mpwik.com.pl

13:00 – 14:00 Lunch in ICSC

14:00 – 15:15 Presentation of project EOG PL0084 „NOMremove” results:

„**Universal photocatalytic system - characteristic & results**”

Dawid Wodka ICSC

„**Photocatalytical degradation of humic species as a method of their removal from water**”

Justyna Dziedzic ICSC

„**Release of oxidation agents from microcapsules**”

Kędracki Dawid ICSC

„**NOMremove-SINTEF**”

Izumi Kumakiri SINTEF

15:15 – 16:00 Round table discussion concerning actual results and plan for future

16:00 – 16:15 Discussion reports, budget , AOB

Magdalena Wiecech

**19.00 – Dinner in restaurant „ POD KRZYŻYKIEM”
Main Square 39 – Rynek Główny 39**
